Currie Engineering (Garvagh) Ltd are based in Garvagh, Northern Ireland. We specialise in Small and Large part turning, milling & grinding.

Currie Engineering | Specialising in Small and Large part ...

"Gendered Innovations" means employing methods of sex and gender analysis as a resource to create new knowledge and stimulate novel design. The term was coined by Londa Schiebinger in 2005. This website features state-of-the-art "Methods of Sex and Gender Analysis" for basic and applied research. We illustrate how to apply these methods in case studies.

Gendered Innovations | Stanford University

The history of women as designers and builders of machines and structures predates the development of engineering as a trade. Prior to the creation of the term "engineer" in the 11th century, women had contributed to the technological advancement of societies around the globe, including Hypatia of Alexandria (350 or 370-415 AD), who is credited with the invention of the hydrometer.

Women in engineering - Wikipedia

Easy Hydraulic Machines - Engineering Projects for Kids: This project is easy to build, and it allows young engineers to get hands-on experience with the power and delight of a hydraulic-powered mechanism. For easier facilitation, you can fill the syringes with air instead of water. An air pressure-power...
