By Eamonn Ryan. The next revolution in accounting software may soon be upon us. If your company is not ready to get rid of its obsolete, client-server, proprietary software package, you may be in the same boat as those firms back in the 1980s that didn't believe they needed computers.

THE EVOLUTION OF ACCOUNTING SOFTWARE: PAST, PRESENT AND ...

By Charles Hattingh. I was on the SAICA committee that decided that Secondary Tax on Companies (STC) was an expense. There was a furious debate at the time as to whether the tax was, in substance, merely part of the normal tax payable by a company, or whether it was a tax on the dividend of a company.

Accounting For Withholding Tax on Dividends - GAA Accounting

Hitherto, much of Singapore's history has been a history of its colonial past, starting from 1819 when the ambitious Stamford Raffles claimed Singapore for the British East India Company.

India is a federation with a parliamentary system governed under the Constitution of India, which defines the power distribution between the union, or central, government and the states.. The President of India is the ceremonial head of state, who is elected indirectly for a five-year term by an electoral college comprising members of national and state legislatures.

Elections in India - Wikipedia

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Legends. Legends are stories regarding the recent past that are passed down from generation to generation and are not verifiable. Like myths, they contain events that are seemingly impossible ...

What Is Folklore? - Definition, Legends & Myths - Video ...

Commentary. Most practitioners today would have assumed that this adolescent had recent-onset type 2 diabetes. The risk factors include non-Caucasian ancestry, positive family history, presence of acanthosis in someone with an elevated BMI, and hyperglycemia without ketoacidosis.¹ In the past, type 1 diabetes would account for the majority of diabetes seen in this age-group.
