Objective for research paper - 7screenstudios.com

In a research paper, the objective is a statement of what the paper is trying to accomplish (what the question is that you are addressing and how you go about it). The introduction is a broader and longer section where you go into prior information (published discoveries relevant to the work) and set the scene for your results.

What is the difference between introduction and objective ...

4.3 Research objective(s) What are the research objectives? In general, research objectives describe what we expect to achieve by a project.. Research objectives are usually expressed in lay terms and are directed as much to the client as to the researcher. Research objectives may be linked with a hypothesis or used as a statement of purpose in a study that does not have a hypothesis.

4.3 Research objective(s)

Lesson 3: Research objectives. While your problem formulation serves to describe the aim of your thesis, the objectives provide an accurate description of the specific actions you will take in order to reach this aim. As with the problem formulation, the overall objective should be framed in a single sentence.
