Land Rover engine numbers . Most older Land Rovers have had at least one engine change in the past. Land Rover engine designs did not change often, but there are a couple of key changes which may not be immediately obvious just looking at an engine, and for which the serial number can be very invaluable.

With the Rover V8, it is never, 'how many miles they have done' but how they did them. This is a typical low mileage engine, it is not uncommon to see such contamination on a ten-year-old or older engine that has covered typically less than 50K miles and has had only factory specified interval oil changes, but please don't let this put you off,
